MESSAGE FROM THE MANAGEMENT

We are thankful to Allah Almighty and feel proud of our tremendous and constructive past as we have had the honor of serving this country by participating in various projects in the State of Qatar. The result of our hard work has allowed us to expand our business in different fields of urban developments, construction, and other civil projects. We would like to align our business growth with Qatar's growth in civil development.

We concentrate our efforts using modern technologies and the latest models of construction equipment in our fleet. We are associated with Yanmar, MSB, ICM, etc. to meet the requirements of the Qatari Market. We would like to uphold our customer confidence by execution & association in various upcoming projects. We wish to express our gratitude to all our clients for their faith and trust in our products and services.

We will always be on the lookout to adopt new technology solutions to better meet the market's demand.

Mohammad Israr Malazai
(Managing Director)
