Byrne Equipment Rental was founded in the UAE in the early 1990s and since then has grown to become one of the largest plant and equipment rental companies in the Middle East. We have over 500 employees and 12 offices covering the UAE, Qatar, Saudi Arabia and Oman.

Our business focuses on the rental needs of a wide range of industries including Construction, Oil & Gas, Events, Industrial and Facilities Management. Totalling almost 8,000 items, our mechanical and non-mechanical fleets include power generation, compressed air, welding equipment, temporary buildings and operated plant.

We stock a variety of equipment to meet your rental needs, however if we don't have it we will make every effort to either acquire it or source it for you to rent.

SERVICE EXCELLENCE

Byrne customers can expect a consistent level of excellent service throughout the different regions and industry sectors we operate in.

	UAE	Qatar	Saudi Arabia	Oman

SALES TEAM

Our experienced sales teams build customer relationships in all of our markets. They are the face of Byrne, offering appropriate solutions and technical expertise to meet the varied requirements of our customers.

Hire Desk

The Byrne hire desk teams process initial enquiries from our customers before delivering a comprehensive quotation.

Delivery & Installation Crew

Our dedicated crews meet the customer's site representatives and ensure all equipment is correctly supplied and installed.

Service Desk & Hire Crew

Byrne operate a 24/7 service and support desk that is dedicated to responding to any breakdown or site issue, liaising with our qualified technicians to attend site and resolve as soon as possible. In addition the service desk co-ordinate with the crew to carry out all routine service and preventative maintenance schedules.

Off-hire & Collection Crew

Our off-hire and collection crews liaise directly with our customers' site personnel, disconnecting Byrne equipment and removing it from each site.

WHO WE ARE

Alongside our parent company Hanco, and our sister company Spacemaker, we are one of the **largest rental and lease organisations** in the GCC.

See page 18 - 19 for more information on Hanco and Spacemaker.

EQUIPMENT RENTAL SOLUTIONS

OUR PRODUCTS

TEMPORARY POWER

We offer a large fleet of generators ranging in size from 12kVA to 1650kVA with the capability to scale up to multi-megawatt power plants. Supporting this we provide bundled fuel tanks, drip trays, cables, secondary distribution and transformers. All hires can be specifically adapted to individual needs through short or long term hire and come with our unique guaranteed 24/7 service and support back-up. In addition our in-house technical teams can provide a pre-hire advisory service to ensure your requirement is carefully specified with an appropriate fuel management plan.

COMPRESSED AIR

We offer a full choice of electric, diesel and 100% oil free compressors up to 1500 cfm, along with desiccant air dryers which, when used in conjunction with oil free compressors, can give 750 to 1500 cfm of dry air.

To complement the range we offer air tools, breakers, compaction and shot blasting equipment.

Byrne also offers a range of portable steam boilers that deliver up to 5 tonnes of steam per hour at 9 bar. A higher volume of steam (up to 30 tonnes per hour) at the same pressure can be achieved by combining multiple units via a steam manifold. Each boiler is supplied either trailer or skid-mounted with independent water tank, fuel tank, water softening system and power pack.

PLANT

In the tough conditions on construction sites where equipment is tested to the maximum, Byrne can provide the most appropriate items for the job in hand, no matter where or how they are used. We'll never compromise on safety, so you can be sure that any item, large or small, will be in prime condition, meaning less downtime enabling you to complete your job on time, every time.

PORTABLE ACCOMMODATION & MODULAR BUILDINGS

Our portable accommodation fleet consists of offices, blast-resistant buildings, security huts, sleeper units, shower rooms, catering facilities, ablution units and much more.

Whether you want a small site set-up for an event or construction project or a full scale camp for hundreds of workers, we have the product range and experience to deliver to your exact requirements.

Our modular building systems create sophisticated structures with the strength to endure the most rigorous and remote conditions. Units are available in a wide range of modular sizes and can be linked end to end or side by side. Thus, whether it is a multi-department office, a new school, a single washroom, or medical centre, the Byrne Equipment Rental system can serve any purpose.

WELDING

We offer a range of electric and diesel powered welders, inverters and specialist welding equipment.

LIGHTING TOWERS

We offer for hire a range of super silenced lighting towers with vertical masts up to 9m and with 4 x 1000w metal halide bulbs, ideal for providing light to any site.

CONSTRUCTION & INFRASTRUCTURE

Products to support any site from initial opening to completion.

The growth of the construction industry in the markets we serve has seen Byrne Equipment Rental involved in some of the Gulf region's most ambitious construction projects, including the Riyadh Metro, Burj Khalifa, Muscat Convention Centre and New Doha Port.

We operate as suppliers of top-quality equipment serving many of the best-known names in the construction industry, with a range of plant and back-up service that remains unmatched in the market.

We can specify, design and set up your complete temporary building needs from offices and accommodation to kitchens, workshops and storage facilities. We can also provide all your infrastructure requirements, including generators, lighting and water/sewage services.

Construction Equipment

- ▶ Temporary Power
- ▶ Generators
- ▶ Bunded fuel tanks
- ▶ Cabling and all secondary distribution
- ▶ Air compressors
- ▶ Welding equipment
- ▶ Lighting towers
- ▶ Plant
- ▶ Portable buildings to meet any requirement

EQUIPMENT RENTAL SOLUTIONS

INDUSTRIAL

Through our long association with industry, Byrne Equipment Rental has become a key supplier of equipment and services to this vast sector of Gulf business.

Whether operating in ports and dry-dock facilities, or supplying equipment to any major industrial need, we continue to be one of the most in-demand hire companies operating in the GCC. This is down to our ability to meet any industry's diverse equipment needs as well as providing the essential service and support.

Industrial Equipment

- ▶ Power generators, loadbanks and transformers
- ▶ Portable buildings – offices, storage, accommodation, ablutions
- ▶ Steam boilers
- ▶ Air compressors and welding plant
