MESSAGE FROM THE GENERAL MANAGER

It is our main goal and commitment to provide world-class management services to our clients, while simultaneously making the process as easy and hassle-free as possible. We ensure that the services being provided to our clients are tailor-fit to our clients' requirements and organizational structure. We are consistently on the search for modern, unique and effective ideas to add value to our clients' organizations. In the coming years, we look to expand in different areas of the field to ensure we cater the demands of the market and break into the international arena.

I am proud of how the company leaped into a higher level and how we marked our place in the industry. The realization of our goal only became possible because of the continuous commitment, team work, perfect balance and dedication of everyone at Cavalier Contracting. It also goes without saying that without the essential, continuous support of our clients, we would have never reached these heights.

In behalf of Cavalier Contracting, I would like to express my profound gratitude to the role everyone continues to play in the company's consistent development. I look forward to a new, fruitful and long-term partnership and business with all of you.

KHALIL JAVED

GENERAL MANAGER

Our Vision

The basic operation and values of the company are based on the basic principles

Business principles and vision:

Operating with Integrity has been associated with an unparalleled quality of service, with the aim of being competitive on a global scale and maintaining a constant desire for innovation and adaptability to the demands of the industry.

Our Mission

Our Mission is to be the most successful construction company in Qatar and one of the top construction companies in the international arena. We strive to achieve this goal by firmly holding onto our set of values and principles, which consist of Knowledge, Effectiveness, Dependability and Integrity.

Knowledge is embodied in our work through our constantly innovative approach, our offering of nothing less than optimal quality service, and our capability to adapt to each and every need our clients have. The values of effectiveness and efficiency are integrated into our process through our determined approach to understanding the objectives, and business structures of our clients. Dependability and Integrity are the main axes of our business philosophy. This is reflected in the quality of our service being optimized due to a non-stop monitoring and follow-up process. In addition, our incredibly capable team and their drive to constantly add more value to our service, is the lead driving force to help us reach our mission and vision. The support we give our clients in the realization of their objectives contributes in their constant development which in turn helps us to constantly evolve and grow.
