

CITY SIGN PROFILE

We would like to formally introduce ourselves as one of the leading 'signage & advertising services company' in the State of Qatar, offering a wide range of artistic production services by way of graphic designing, acrylic laser infused designs, indoor and outdoor signs, way finding signage for buildings, malls, as well as car parks and various outdoor sites. We can offer solutions to different queries by offering in-house manufactured signs as well as installation if required.

We are extremely pro-active in the company's strategic planning by investing time and resources into developing products and services that add value to our existing customer base and potential clients. Our company employs skilled graphic designers, manufacturing specialists, installers, project managers and support staff in the signage and advertising business. You can rest assured that our staff will always handle your inquiries in the most informative and personalized manner. Our production team applies a unique depth and expertise to every project, and we aim to deliver quality products and services within a set deadline.

City Sign will always offer alternative solutions to a client's inquiry in the event that a 'first inquiry' may not be feasible in its entirety, as we always try our best to satisfy any query that our client has. We understand the importance of a client's requirement, and we tend to make an effort not to let them go away without analyzing and offering our expertise along with an alternative solution.
