DIME INTERNATIONAL  
MECHANICAL ENGINEERING & CONTRACTING  
شركة ديم انترناشيونال للهندسة الميكانيكية والمقاولات

## INTRODUCTION

We take this opportunity to introduce ourselves as a contractor/vendor for Structural Fabrication, Blasting & Painting works, Storage tank fabrication works, Sewage Tank maintenance works & Machining works

Our company DIME INTERNATIONAL MECHANICAL ENGINEERING is based in Qatar which executes all above mentioned jobs. We have executed numerous jobs of various clients related to construction and oil& gas. As a contractor we have reasonable number of manpower including skilled workers, qualified engineers and well qualified QA/QC Inspectors who are capable of handling/executing projects in good manner with proper safety standards. We have sufficient equipment to execute the above mentioned jobs and assure you that we will prove ourselves trustworthy as a contractor by providing excellent quality and commitment and can mobilize our resources to job sites as per your requirement.

We shall be delighted if you will kindly register our name as a vendor/Contractor on your approved list and favor us with your valued enquiries and we assure you that you will get our best attention to detail and dedication to work.

# VISION

To be the most trusted and respected professional services firm recognized by our clients for delivering excellence.

## MISSION

To serve our clients by providing the highest quality professional services that address their business issues. We attract, recruit, and retain the most knowledgeable and passionate professionals, and we provide a collaborative culture that enables them to thrive professionally and personally. We deliver superior financial results to the investment community while contributing to the communities in which we live and work.

## VALUES

**Integrity** : We do the right thing regardless of the consequences.

**Pursuit of Excellence :** We continually strive to exceed the expectations of our people and our clients.

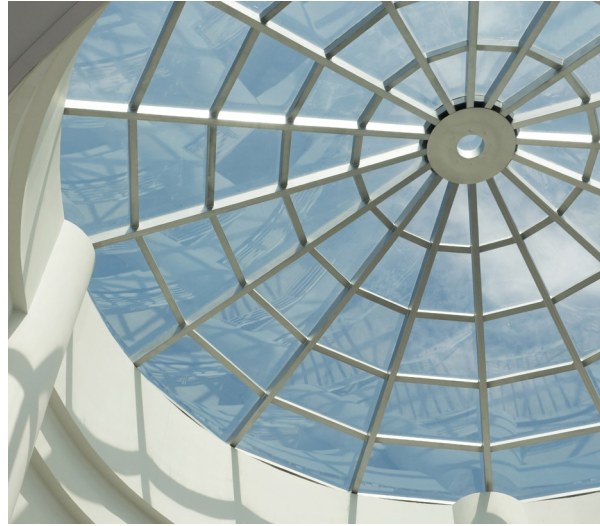

**Accountability** : We take responsibility for individual and collective actions.

**Collaboration** : We work together to achieve collective and individual goals.

**Passion** : Our energy and enthusiasm are contagious. We are inspired to make a lasting impact.

# STEEL FABRICATION

**STEEL STRUCTURES / WAREHOUSES  
TOWER / BUILDING SUPPORT STRUCTURES  
CANOPIES / SKYLIGHTS**

When a demanding and challenging project requires Structural Steel Fabrication, clients turn to our unmatched capabilities to meet their complex design-build requirements. As the recognized industry leader in the fabrication, design, engineering, and erection of structural steel in Qatar, the core priority of our company is to successfully exceed client expectation by focusing innovation, knowledge and commitment on every commercial, industrial and public structure we assemble. Our fabricators have fabricated and delivered highly decorative and aesthetic steelworks like skylight, entrance canopy structures and louvered sunshades to projects like Doha international airport and leading shopping malls and residential developments. We design and fabricate skylights, canopies, louvers, shades, gazebos and decorative works in our facility. With two major production facilities situated in Doha & Al Khor we have 30,000 square feet of fabrication capacity utilizing state-of-the-art design and production, fabrication equipment.

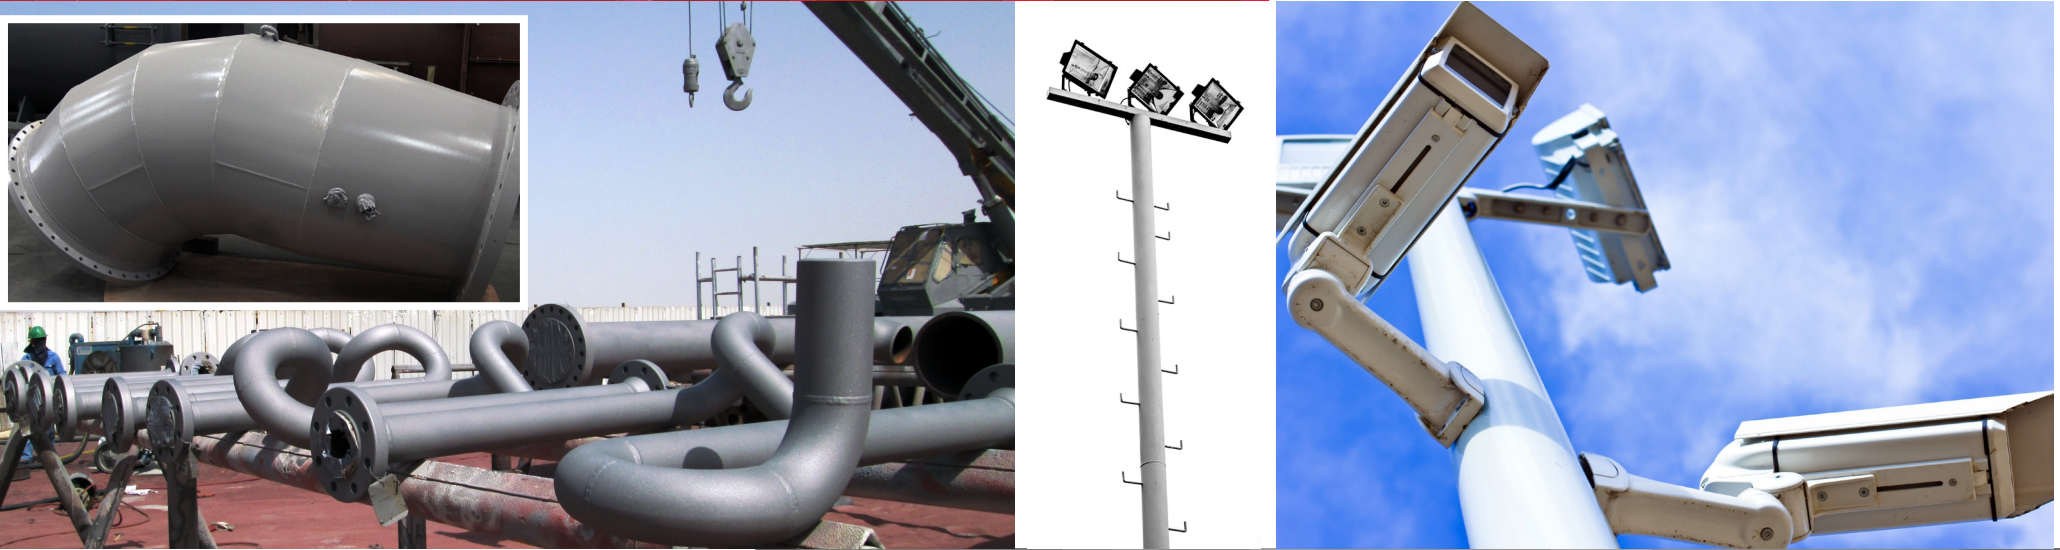

**INDUSTRIAL PLATFORMS & STAIRCASES**

**INDUSTRIAL ACCESS LADDERS**

**INDUSTRIAL GATES / BARRIERS / INDUSTRIAL BOLLARDS & FENCING**

Our Fabricated Platforms and stairs can be installed in virtually any facility, including those where space is limited. Stair have been specially designed to meet customer demands for a higher quality. Stair landing platforms with safety railings are available to meet specific requirements. Our Industrial steel fence fits uses such as fencing around industrial parks, self-storage facilities, manufacturing plants, and various other industrial projects. We have done more than 50000 Meter fencing for various projects

# STEEL FABRICATION

PIPE SPOOLS  
PIPE SUPPORT STRUCTURES & CLAMPS  
SURVEILLANCE CAMERA / LIGHT POLES/ STEEL MOLDS

DIME has been providing clients with fabrication and installation of specialized pipe spools, skids, module assemblies, custom steel fabrication, pipe supports and innovative coating systems for several prestigious projects. We have multiple certified Welders to perform these type of job . Our employees are dedicated to Highest standard, Quality, safety and environment. DIME has the capability to provide high quality prefabricated piping to Engineering Procurement & Construction Companies. The fabricated pipe spools are made to a stringent work schedule and are delivered on time to the highest quality standards. Our engineering team and highly skilled work force are well experienced in undertaking pipe fabrication works and DIME's 6G welders are qualified by Third Party Inspectors

Shop fabrication of pipe spools is a proven method to enhance efficiency and quality along with reduced erection costs. This methodology also reduces the project schedule significantly. DIME's team have a great deal of experience in providing value shop fabrication of carbon steel, stainless steel, Duplex stainless steel, & other alloy pipe spools.

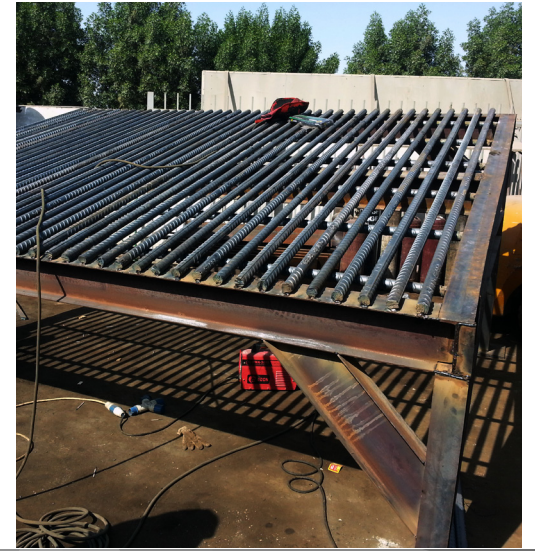

CRANE MAN CAGE  
EXCAVATOR BUCKETS  
CONCRETE BUCKETS/ MONORAIL CRANE BEAMS

DIME offers a complete range of both Crane Man cages and Forklift Man Cages. We have fabricated Crane man cages from 1 man to 6 man capacity. We have fabricated a wide range of Concrete Bucket. They are built for modern concrete requirements and general concrete work. Our heavy duty buckets are suitable for excavator digging and grading of light and heavy construction site work as well as for use in more demanding excavating conditions. We have the expertise to fabricate virtually any kind of steel structure such as Mono rail beams, Mono rail support systems, brackets to support running beams etc

# STORAGE SOLUTIONS

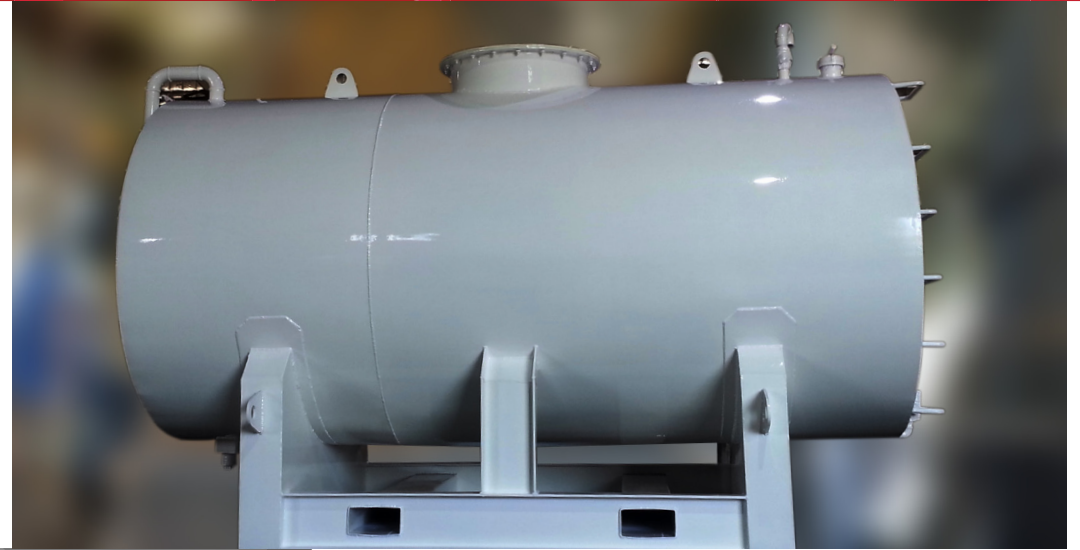

**CEMENT STORAGE SILOS  
CEMENT HOPPERS  
HEAVY DUTY ROCK SCREENS**

If you are looking for an experienced Industrial Construction Company to service your bulk bin, storage silo and hopper needs, call DIME. We design, fabricate and erect welded carbon or stainless steel bulk bins, storage silos and hoppers for dry or Liquid bulk storage. Our Industrial line of silos are engineered for the storage of dry bulk products such as cement, plastics, flour, sugar, resins, slag, fly ash, and lime, and Liquid products such as water, liquid fertilizers. We have earned a reputation for quality design, fabrication and creative solutions. We are well experienced in the field of Static Grizzlies / Screens. We have fabricated many Rock screens fitted to Crusher units. We help our customers to ensure that they are working to all the relevant standards and that their inspection and maintenance programs get the best from their equipment.

FUEL TANKS  
SEDIMENTATION TANK  
STAINLESS STEEL TANKS

DIME have a wide range of solutions for storage Tanks. Our engineers are equipped with sound knowledge in this field. We have fabricated Hundreds of tanks ranging the capacity from 500 liters to 40,000 liters. Tanks are mainly in Cylindrical, elliptical & Rectangular shapes. For several projects we have supplied our Bulk tanks and daily tanks for the power generators. For the Dewatering process sedimentation are the inevitable factors. We have fabricated numerous sedimentation tanks in different sizes and capacity with appropriated opening and discharges.

## COMMERCIAL BODY MANUFACTURING / SUPPLY

TRAILER FLAT BEDS  
TRAILER RAMPS

CARGO / BODY BUGGY TRAILERS, GENERATOR TRAILERS

We are well experienced in Commercial Body manufacturing. We have fabricated hundreds of cargo bodies for Truck dealers and Private Parties. Our cargo bodies suites from 3 ton pick up to Flat Bed Trailers. Our bodies can be used for carrying materials, cement products and animals. We are supplying semi trailer's also. These are equipped with heavy duty superstructure, with heavy duty rear roller supported with heavy duty taper roller bearing and swing-back retractable landing legs allows self-loading and unloading of heavy duty Oil Field super-structure. Trailer platform comprises of wooden deck, detachable tubular steel stanchions with stowage facility and lifting trunion at front. These heavy duty trailers are made by Atlas Group of Dubai, one of the leading Vehicle body manufacturing company in the middle east. We fabricates customized Trailer ramps mainly spring type and hydraulic cylinder type with regards to our client requirement. Our Generator Trolleys and buggy Trailers are well known the country. We fabricate both Single axle and Tandem Axles for these type of trolleys.

TIPPER TRAILERS  
VACUUM TANKS / CESS PIT EMPTIERS  
DRINKING WATER TANKS / SEWAGE WATER TANKS

DIME'S Cesspit Emptier is an ideal and versatile system for the handling of sewage water. DIME have more than 8 years of experience in fabrication & Mounting of Vacuum Tanks. We are one of the most trusted supplier for Waste management Companies. Our Vacuum tanks are ranging from 3000 Gallon to 5700 Gallon. Our workshop is well equipped with Tank manufacturing machineries. Till the date DIME fabricated and supplied thousands of Vacuum tanks & normal Sewage tanks. We are manufacturing both Stainless Steel and GI water Tanks ranging from 3000 Gallon to 6500 Gallon. The tanks are precisely designed and fabricated in cylindrical and elliptical in shape to suit specification of truck chassis manufacturer and customers' requirements for handling drinking water, salt water and agricultural water. The tank superstructure is fabricated of high strength heat treated fine grain steel which conforms to ASTM standards SA 36 grade or equivalent which gives strength and durability.

SEWAGE WATER TANKS  
DRINKING WATER TANKS  
FLAT & LOW BED TRAILERS / TIPPER TRAILERS / VACUUM PUMPS

DIME has more than 10 years of experience in the maintenance of sewage tanks, flat and low bed trailers and water tanks. Our technicians are well experience and well equipped for these types of jobs. We are doing the maintenance by considering highest grade of safety Measures. We are one of the most trusted companies in the field of Sewage tank and water tank maintenance. Our maintenance section do all sorts of repair works such as Re building of damaged plates, Fabricating new Baffle plates, Dish ends & Plain Ends. For trailers , changing of floor plate, repair of landing gears, King pin Plate and Trailer Structure re building etc. Our well equiped lathe section enable us to do all sorts of repair works for the vacuum pump such as bearing setting & router re facing. Our technicians are well experienced in repairing MEC pump, which is commonly used in the country.

GENERAL PURPOSE WASTE SKIPS  
RORO SKIP  
TIPPING SKIP / FORKLIFT OPERATED SKIP

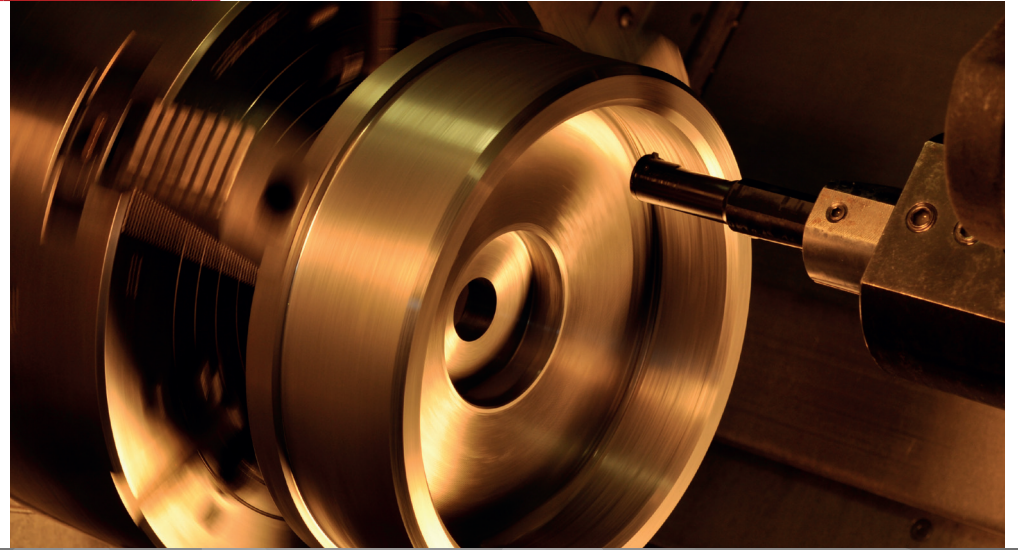

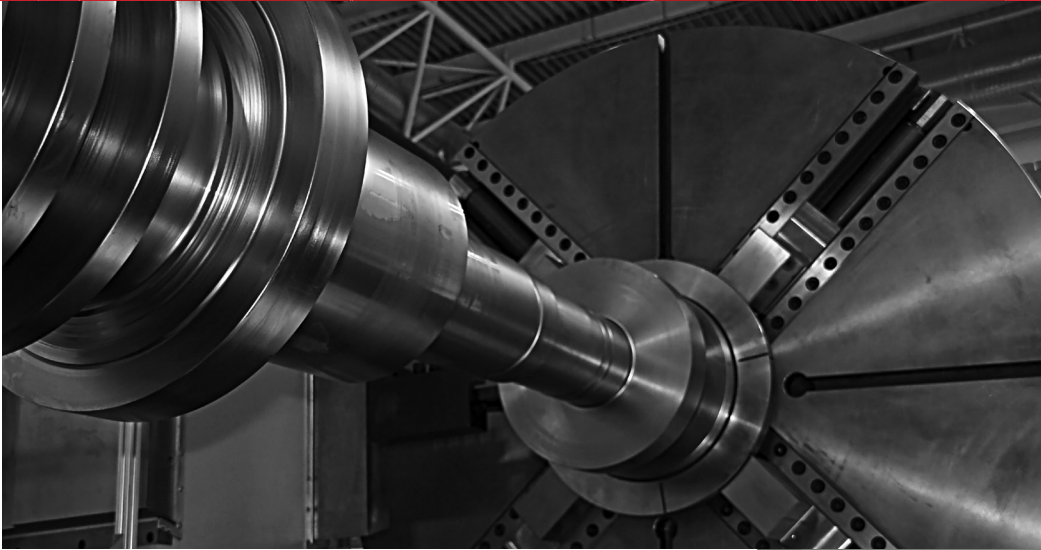

REUSE REDUCE RECYCLE

We are one of the area's leading waste container manufacturing company offering wide range of products to the recycling industry . We always listen to what our customers want, then use our years of experience to advise the best product and course of action. We are specialized in the manufacture of of all types of Metal Skips and Roll on/off containers for the storage and safe transport of waste & re-cycled products. We have fabricated and supplied different type and sizes of skips for several waste management companies ranging from 4 Cubic meter to 20 cubic meter. We have our own design team to design the skips in the fabrication section to suit our clients' needs. We are also doing maintenance works for the skips at the site. Our forklift operated skips are highly appreciated by the users and clients.

# LATHE & MACHINING WORKS

DIME have full-fledged Lathe machine workshop. Our Lathe operators have more than 20 years of experience in this field. Our machine shop is fully equipped to handle large machining jobs. It is complemented by fully trained and skilled personnel who strive to reach customer satisfaction and deadlines.

The services offered are:

- Lathe works
- Engine Boring
- Crank Cutting
- Leveling

DIME has huge Blasting & Painting facility in the Outskirts of Doha. We have more than 25000 SQ meter area to execute the work. We are one of the approved vendor of Qatar Petroleum. Our main projects are focused in Ras laffan and Dukhan area. We have proved our expertise in hundreds of government projects in State of Qatar. DIME focuses on the application of protective coating systems that consistently provide excellent corrosion control, great value and minimal risk to employees and the environment. Our paint booths are sufficiently large enough to accommodate most sizes of components. We are able to apply customer specified paints in our spray booths using airless and air assisted paint equipment. As a part of our environmental commitment, we recycle all our solvents and also steel, paint tins, swarf, wooden pallets, cardboard and paper.

# ALUMINUM & GLASS

Our new Division ALUMINUM & GLASS is specialized in architectural aluminium and glass products, aluminium doors, windows, skylights, cladding projects and standard curtain walls. In short period we have executed multiple projects as sub contractor and for private parties. Our state of art machine shops, qualified, highly experienced workforce, Veteran Engineers and Managers in the field have completed several prestige's projects inside and outside Qatar. We operate on trust and build long lasting relationship with our clients, ensure cost effective services to customers with high quality products, at its scheduled completion. We do works such as Aluminum Doors, Aluminum Windows, Column Covers, Curtain Walls, Custom Table Tops, Glass Handrails, Glass and Glazing, Mall / Store Fronts, Partitions, Reflective Glass, Skylights and sloped Glazing.

DIME offers an unrivaled design, build and installation service for many items such as entrance glass canopies, handrails, balustrades, staircases, welding, sculptures and cladding manufactured in stainless steel and Aluminum. We hold the traditions of quality Craftsmanship combined with latest design and fabrication equipment which allows great flexibility. In addition, our capability includes design, fabrication supply and installation of a wide range of architectural and decorative stainless steel works such as doors, windows and Gates, building entrance area and canopies, curtain walling, decorative walls, column cladding, wall railings, fence, ceiling, partitions & Exhibition structures. Our stainless steel handrails and sheet metal fabrication is variously described as contemporary, elegant, innovative, and eye catching. It is always custom made, built and installed by our own DIME team as per the client requirements.

## CUSTOMIZED FABRICATIONS

Our engineers and mechanical division technicians have done numerous customized works for government, semi government and private companies. we have manufactured car & truck simulators for "mowasalat". we have also modified many vehicles for them for training purposes. we have shown our workmanship in many support structures for exhibitions and event management companies to fix their wooden and metal flashings.

We have provided support services for many prestigious projects like Qatar National Museum by outsourcing our Third Party certified 6G welders. Our welders are capable of welding big pipelines and have proved their workmanship in several Q company projects. Our welders are experts in Arc welding, Mig welding, Tig welding, Argon welding and Gas Welding. We are also providing site assistance for Cement plants, asphalt plant and agricultural Farms.
