COMPANY OVERVIEW

About Us

GOGC was established in Qatar in 2011. The company specializes in the design, fabrication, installation, and maintenance of architectural aluminium, steel, glass, cladding, and civil construction for both residential and commercial projects. With over a decade of combined experience, GOGC is ISO 9001:2015 certified and utilizes state-of-the-art machinery to ensure high-quality, competitively priced services delivered on time.

In 2016, GOGC diversified its operations to include powder coating, utilizing automatic powder coating machinery. The company currently has the capacity to coat approximately 500 sq.m of steel or aluminium per 8-hour shift. GOGC is a Qualicoat certified licensed applicator from all major powder suppliers for powder coating.
