

Welcome To **Inoxian** - We Optimize Your Projects

Industrial Refrigeration Solutions

INOXIAN SERVICES

- PROJECT DESIGN AND ENGINEERING
- SYSTEM DESIGN AND INSTALLATION
- REMOTE MONITORING AND CONTROL SYSTEMS
- WAREHOUSING AND LOGISTICS SOLUTIONS
- TECHNICAL SUPPORT AND OPERATIONAL CONTROL
- REPAIR AND MAINTENANCE SERVICES
- COMMERCIAL HVAC COOLING SOLUTIONS
- EVAPORATIVE CONDENSERS

Who we are?

Inoxian is Qatar's front runners for providing value added commercial kitchen & cold storage units with an expertise in commercial refrigeration, design, installation, and after-sales care.

Our team has decades of experience working within the hospitality and education industries. The real difference between us and our competitors, is not only our network of excellent suppliers and reliable design and installation team, but also the commitment and enthusiasm of our management and staff. Our team of experts will plan, design, execute and install commercial kitchens and the most effective air conditioning systems.

Inoxian specializes in the design, supply, and installation of commercial commercial kitchens to clients ranging from small cafes to large restaurants and even home kitchens. We have steadily built our esteemed reputation through continued success and are proud to be one of Qatar's leading and multi-disciplinary consultancy experts in Cold Storage design.

TURNKEY SOLUTION

Customers are looking for innovative turnkey solutions for their project needs.

INOXIAN has proven its reputation with successful projects, and we have been a front-runner in supplying complete solutions.

PROJECT DESIGNING

INOXIAN Focused on designing & engineering the most suitable refrigerants and systems with wide scale of facilities and temperature ranges.

INOXIAN possibilities,

- Medium temperature applications
- Low temperature applications
- High temperature applications

INSTALLATION

INOXIAN will help you to install and deliver your projects for you to get the best effective performance out of your products and equipment's right from the start. Our technical installation teams will ensure a fast and proper start up of entire cold rooms with the refrigeration system.

MAINTENANCE AND REPAIR SERVICES

INOXIAN provides 24/7 service and maintenance with an overview in spare parts and repair.

All our service technicians are highly trained, experienced in a wide range of equipment's and systems.

Our Extensive services offering includes monitoring, training, maintenance on demand and upgrades.

REFRIGERATION TECHNOLOGIES

OFFERD BY INOXIAN

FREON

Our aim at INOXIAN is to constantly exceed our customers expectations and provide them with the best service in the industry , by installing high quality bespoke systems to the highest standards.

Types Of Systems Include:

- Air cooled system.
- Water Cooled systems.
- Cascade systems.
- Glycol cooling systems.

CO₂

We have always focused on exclusive solutions for our clients. Modern CO₂ industrial rack systems are important fact to ensure safety, reliability and optimum product quality.

Of course, we look at the relevant condition of your refrigeration system to match all the components for trouble free operation.

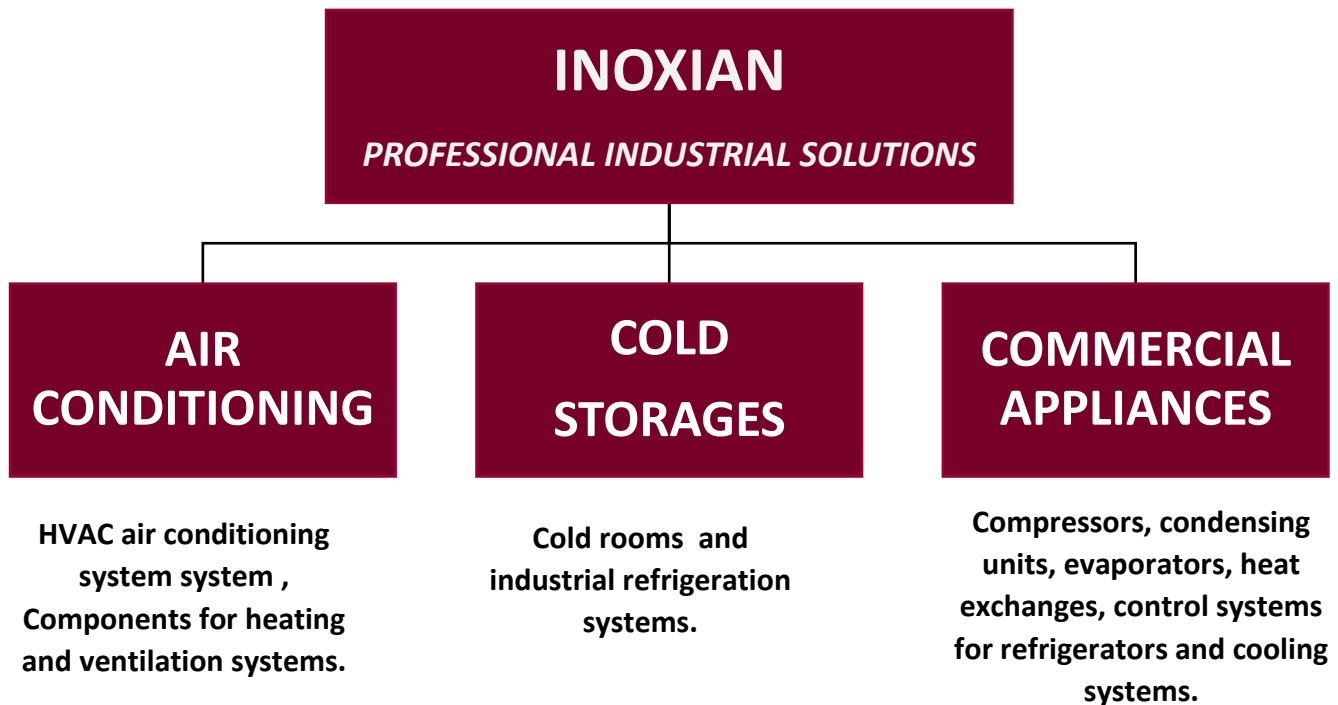

AMMONIA (NH₃) SYSTEMS

Ammonia has been a trusted refrigerant in mechanical systems since the 19th century. Anyone who works with Ammonia appreciates the efficiency and its lack of global warming potential.

INOXIAN provide customers with fully assembled excellent thermo dynamic quality compressors for your industrial refrigeration project.

PROVEN AND EASY TO CONTROL.

Highly efficient industrial refrigeration systems for the food industry

Inoxian Industrial Refrigeration solutions offer highly efficient and reliable refrigeration systems optimized for ammonia and other natural refrigerants. **Inoxian** components are designed to provide the lowest total cost of ownership, while at the same time ensure near-zero downtime in food-processing plants, warehouse & storage facilities.

Our specialties

HVAC

- Air conditioning and heat pump solutions
- HVAC cooling
- District cooling
- Cooling towers

Refrigeration

- Industrial refrigeration – Air cooled
- Industrial refrigeration – Water cooled
- Industrial refrigeration – Ammonia plant
- Evaporative condensers
- Heat exchanges

Kitchen Equipment's

- Cooking - hot line
- Cooking - cold line
- Commercial refrigerators
- Cold rooms
- Hood and ventilation
- Catering equipment's

Certificate of Registration

INOXIAN TRADING W.L.L

P O BOX 30101, RETAJ BUILDING NO. 56 OFFICE NO. 604
AL JAZEERA STREET DOHA QATAR

has been assessed and Certified by Otabu Global Services Pvt. Ltd.
as meeting the requirements of:

ISO 9001:2015

Quality Management System

For the following scope of activities:

**DESIGN, IMPORT, SUPPLY & INSTALLATION, COMMISSIONING & MAINTENANCE OF INDUSTRIAL
AND COMMERCIAL COLD ROOMS, REFRIGERATION EQUIPMENTS AND KITCHEN EQUIPMENTS**

Issue No :01

Date of Certification: 16 June 2020

1st Surveillance Due: 15 June 2021

Revision No () : NA

2nd Surveillance Due: 15 June 2022

Core Values

1. **Quality:** We are confidently committed in providing the highest standards of products, service, and performance.
2. **Expertise:** We affect growth by driving innovation instead of chasing it. We commit to paying close attention to detail in order to provide the most unique service experience to our clients.
3. **Competition:** We build on interpersonal, diverse connections between our customers, employees and suppliers to better understand our domain and to be the client's first choice for all cold storage wants and needs.
4. **Integrity:** We are committed to treating all people and property with the out-most respect and honesty in hopes of building a trusted relationship with our employees and clients.
5. **Protect:** We strongly believe in the protection and safety of our employees, the protection of our customers and products, and the protection of sustaining the environment by reducing our footprint to our best ability.

Our Mission

We are reliable and open to innovative approaches to cater to our client's wants and needs. We act in accordance with the State of Qatar's laws and statutes and always keep at the forefront the safety and protection of its people and environment.

Our Vision

We aim to be Qatar's leading and reliable brand in the cold storage industry as we are driven to advance, innovate, and serve companies and homes that are seeking the best service, facilities, and logistics.

Our Values

Our values are internal commitments our company makes to itself and it is what sets us apart from our competitors. Our commitments are what anchors our business and drives us to innovate, create, support, and achieve.

Health & Safety Policy

Inoxian Trading W.L.L. recognizes that good management includes all matters and ensures that personnel protection is part of all decision, policies and practices. It is committed to promoting and supporting a culture where harm to our people and the environment through our work activities is unacceptable

Inoxian ensures to comply with its legal duties and adhere to all relevant legislations in respect to providing a safe and healthy working environment for all its employees.

Inoxian takes full responsibility to ensure that our work does not directly or indirectly affect neighbors, sub-contractors, or the general public. This is done by thoroughly monitoring our processes and procedures and having a strict risk management plan in place for the activities conducted within our operations.

Inoxian will provide adequate financial support to enable full and effective implementation of all health and safety policies currently in place. We will continue to provide sufficient resources in hopes of improving our health and safety management system.

Inoxian promises that all personnel are competent in carrying out their required duties by providing them with all the information and instructions, supervision, and the necessary training prior to commencing their projects.

Inoxian continuously provides awareness regarding the safety of themselves and the environment by educating and training all staff periodically.

Inoxian will ensure that all persons are consulted on matters of Health, Safety and Welfare and will encourage positive employee participation, specifically the active identification of improvement opportunities.

Inoxian considers the health, safety, and welfare of its employees and clients crucial to the company's core values. We believe that by placing such emphasis on safety and well-being, it will result in optimal production and quality.

The company is committed to a proactive approach to accident prevention in order to achieve continuous improvement in Health, Safety and Welfare performance.

INOXIAN

Professional Industrial Solutions

A great company at the service of quality

With consolidated experience in the field, INOXIAN became the leader in designing, planning, supplying, and the installation of all types of Cold Storage rooms and refrigeration services & Commercial kitchens. We provide innovative systems to ensure the highest efficiencies and to meet the most stringent sanitary demands.

INOXIAN pushes the limits of innovation to create the highest quality standards and pure dedication to excellence in all operational aspects. High quality products, fair sales practices, superior after sales service, environmental awareness and social responsibility make up the foundation of our success. We believe in listening to our customers and providing creative solutions as each processor has their unique set of concerns.

INOXIAN

Professional Industrial Solutions

Welcome to our Team

INOXIAN From application specialists, design engineers, right to our service technicians; we work hand in hand with our clients throughout the life cycle of the cooling and freezer equipments.

“The customer is always right,” is a policy we truly believe in which is why we listen to our customers and provide them with creative solutions to fulfill all their requirements. Our cold room equipment are easy to access, easy to use, and easy to maintain to ensure you maximize uptime and profit within your facility.

Local & International Clients & Projects

A handful of the prestigious projects executed by Tekop/Inoxian are mentioned here below.

Cold Storage Project in Republic Of Maldives:

In this Project, -22 frozen rooms, -40 shock freezer room and +4 cold rooms were built for the newly opened hotel.

CA Cold Rooms Project in Mauritius

The project realized for an agriculture company in Baku. There are 7 Atmosphere controlled chiller rooms and one chiller storage room.

Cold Storage Project in Netherland:

In this Project, to the 300 m² closed area, 1.095 m² cold room wall, 5 pieces of sliding room doors together with ceiling and floor panels was built for one of the leading company of the region.

Onion Cold Storage Project in Mali:

In this Project, an onion storage facility was built in 3.100 m² closed area which consists 7.800 m² cold room panel and 10 pieces of 280 x 400 cm sized sliding room doors.

Chiller & Freezer Rooms Project in Nigeria:

The project realized for an ice cream supplier in Lagos in Nigeria. There are 2 freezer room and one chiller corridor. It was a "turn-key" project.

Chiller Rooms Project in Georgia:

The project realized for an agriculture company in Ozurgeti in Georgia. There are 4 chiller room. It was a "turn-key" project.

Medicine Cold Room Project in Syria:

The project realized for a European voluntary health organization in Kobani in Syria. There are one cold room for medicines storage. It was a "turn-key" project.

Potato Cold Storage Project in Mali:

The project realized for a biggest agriculture company in Bamako in Mali. The project contains total 7.500 m² potato storage area. This storage is one of the biggest storage in African.

A black and white photograph of an industrial facility, likely a refrigeration or air conditioning plant. The image shows large, white, box-like units (compressors or condensers) mounted on a wall or ceiling. These units are connected by a network of pipes and ductwork. The floor is made of large, light-colored tiles. The lighting is bright, coming from overhead fixtures, creating a clean and professional atmosphere.

INOXIAN PRODUCTS & TECHNOLOGIES

WHAT WE DO

We are constantly looking for ways to improve functionalist and reduce costs with relentless innovation. We are accelerating the transition to more efficient, cleaner energy solutions and of course all of our solutions are designed to be user-friendly while helping to maximize plant reliability, reduce product loss and give you confidence in top product quality.

- Reciprocating compressors
- SCREW compressors
- Scroll compressors
- Closed circuit cooler-Air cooled
- Closed circuit cooler-Evaporative
- Condensers-Air cooled
- Condensers-Evaporative
- Automation and control systems
- Condensing units
- Evaporators & heat exchanges

INOXIAN

INDUSTRIAL REFRIGERATION

WHAT WE DO

INOXIAN is a single source for industrial refrigeration solutions. We offer the industry's most comprehensive range of multi-refrigerant capabilities for design, engineering and installation that exceed our customer expectation and provide them the best service to the highest of standards. From low-charge Ammonia to CO₂ or using packaged air-cooled, evaporative-cooled or water-cooled units.

INOXIAN offer tailored solutions ranging from low-charge Ammonia to CO₂ or using packaged air-cooled, evaporative-cooled or water-cooled units.

TYPES OF SYSTEMS AND APPLICATIONS

- Cold storage/cold rooms
- Ammonia system packs
- CO₂ systems
- Cascade systems
- Blast chillers & freezers
- Temperature and humidity-controlled storage
- Spiral freezers
- Ice rink control system
- Glycol & water process cooling system
- Fresh air ventilation & extract systems
