Company Overview

A. HISTORY & MDS BRIEF PORTFOLIO

As part of the prestigious **MDS Group**, QSP has proudly operated in Doha for over **38 years**, establishing a remarkable presence in key sectors such as **Facility Management, Data Centers, Diesel Generators, UPS Systems**, and offering **innovative technology solutions**.

From the initial design and conception to construction, completion, and after-care maintenance, QSP supports its clients with highly specialised, **factory-trained engineers and technicians**.

Our team is equipped to manage all aspects of **power, cooling, IT infrastructure**, and **facility management services**.

A. HISTORY & MDS BRIEF PORTFOLIO

QSP is Qatar's premier provider of data center solutions and facility management services, driven by strategic partnerships with world-class OEMs and a track record of excellence.

Our expertise spans a diverse range of industries. From international airports to oil and gas, technical, industrial, commercial, residential, healthcare, and cultural landmarks.

Whether it's heritage preservation, critical infrastructure, or public transport, **QSP ensures your operations are powered by innovation, reliability, and excellence.**

C. OUR MISSION & VISION

Our Mission

- To deliver exceptional, safe, and innovative Facility Management services that exceed client expectations while ensuring compliance with industry standards and creating long-term partnerships.
- To provide reliable, efficient, and seamless operations that safeguard critical infrastructures and sensitive environments.

Our Vision

- To be the leading Facility Management provider in Qatar, recognized for our expertise in servicing mission-critical sectors, such as medical facilities, oil & gas industries, and high-security environments.
- To set the benchmark for quality, safety, and operational excellence in the industry.

C. OUR VALUES

Our Values

SAFETY & COMPLIANCE

Prioritizing health, safety, and environmental protection across all sectors.

RELIABILITY

Offering uninterrupted services with robust preventive and corrective maintenance programs.

INNOVATION

Integrating state-of-the-art technology. We bring innovative solutions that enhance our maintenance services by utilizing advanced technologies such as predictive maintenance tools, and CAFM systems. These innovations help us deliver efficient, proactive, and data-driven facility management, minimizing downtime and maximizing asset performance.

CLIENT-CENTRIC APPROACH

Tailoring our services to the specific needs of industries with the highest standards, ensuring complete satisfaction.

SUSTAINABILITY

Promoting energy-efficient and environmentally responsible solutions in every project.

02

Service Offerings

A. HARD SERVICES

At QSP FM Services, **we deliver facility management solutions**, ensuring your assets are maintained to the highest standards.

Our specialized teams are trained to handle a range of essential services that keep your operations running smoothly.

A. HARD SERVICES

Our Hard Services:

01

MEP Services

Our experienced team manages all aspects of Mechanical, Electrical, and Plumbing (MEP) services, ensuring the smooth operation of your facilities.

02

HVAC Services

We offer full HVAC support with a specialized thermal division that enhances the capabilities of our existing FM team, ensuring energy-efficient climate control.

03

Civil & Architectural Maintenance

With extensive experience in civil and architectural maintenance, our team delivers top-notch services to preserve and improve your building's infrastructure.

A. HARD SERVICES

Our Hard Services:

04

Handyman Services

Our skilled handyman team is on call to provide quick fixes and essential repairs, ensuring minimal downtime for your business.

05

UPS Maintenance

We have a specialized, authorized UPS team capable of servicing all types of UPS systems, supporting your critical power needs seamlessly alongside our FM services.

06

Diesel Generator & Fuel Systems

Our certified experts provide top-tier maintenance for diesel generators and fuel systems, guaranteeing reliable backup power and support for your facility management operations.

B. SOFT SERVICES

We offer a range of soft services to ensure **a high level of cleanliness, efficiency, and space management.**

Our tailored solutions are designed to meet the specific needs of each client, delivering exceptional standards and maintaining operational excellence.

B. SOFT SERVICES

Our Soft Services:

01

General Cleaning

Our experienced team ensures spotless environments through scheduled cleaning services that cater to a variety of spaces, including offices, commercial buildings, and public spaces, maintaining a hygienic and welcoming atmosphere.

02

Deep Cleaning For Data Centers

We provide specialized deep cleaning solutions for sensitive environments like data centers, ensuring dust-free zones and reducing the risk of equipment malfunctions or downtime.

03

Landscaping

Offering landscaping services, our team designs and maintains beautiful outdoor spaces that enhance the aesthetic appeal and functionality of your facility.

04

Pest Control

Our pest control experts implement preventive and reactive measures to ensure a pest-free environment, safeguarding health and hygiene across all areas of your facility.

B. SOFT SERVICES

Our Soft Services:

05

Tank Cleaning

We offer professional tank cleaning services that comply with industry standards, ensuring clean and sanitized water storage systems, critical for the health and safety of your operations.

06

Space Management

Our space management services are designed to optimize the use of your available space, ensuring effective layout designs that improve workflow and operational efficiency.

07

Waste Management

With a focus on sustainability, our waste management services include collection, segregation, and disposal of waste, helping reduce environmental impact and promoting cleaner, greener operations.

C. SECURITY SERVICES

We provide a wide range of **high-level security services** to **ensure the safety and security of your assets, people, and operations.**

Our solutions integrate advanced technology with professional expertise to deliver reliable, responsive, and efficient security management.

C. SECURITY SERVICES

We provide a wide range of **high-level security services** to **ensure the safety and security of your assets, people, and operations.**

Our solutions integrate advanced technology with professional expertise to deliver reliable, responsive, and efficient security management.

C. SECURITY SERVICES

Our Security Services:

01

Access Control System Maintenance

We maintain and service advanced access control systems to ensure authorized personnel can move securely within your facility, enhancing overall security and reducing unauthorized access risks.

02

Manned Guarding

Our professional security personnel are trained to provide manned guarding services, offering a visible, proactive presence to deter potential threats and ensure the safety of your property and employees.

03

CCTV & Control Room Monitoring

Our team offers around-the-clock monitoring and management of CCTV systems and control rooms, ensuring quick responses to any security breaches or suspicious activities, while maintaining detailed records for audits and reviews.

D. RENTAL SERVICES & EMERGENCY SUPPORT

QSP FM Services operates a state-of-the-art warehouse that houses a wide variety of equipment ready for immediate deployment. Our comprehensive rental services ensure that your operations continue seamlessly, no matter the situation.

With these resources, QSP FM Services ensures our clients receive fast, efficient solutions to avoid downtime and maintain seamless operations.

D. RENTAL SERVICES & EMERGENCY SUPPORT

Our Security Services:

01

Generator Rental (Various Types & Capacity)

We offer a broad range of generators to suit different power needs, ensuring that your facility remains fully operational during planned or emergency outages. Our rental fleet is regularly maintained for reliable performance.

02

Load Banks For Testing & Support

Our high-capacity load banks are available for testing, commissioning, and maintenance purposes, allowing your power systems to be fully optimized without interrupting daily operations.

03

UPS Rental Solutions

We provide uninterrupted power supply (UPS) systems to ensure your critical infrastructure is protected against power fluctuations and outages, delivering continuous and reliable power.

04

Cooling System Rentals

Whether for temporary cooling needs or emergencies, our range of rental cooling systems provides efficient temperature control, ensuring your environment remains comfortable and equipment stays protected.

E. ELV & FIRE SYSTEM

At QSP FM Services, we provide cutting-edge ELV and fire system solutions to ensure your facility operates safely, efficiently, and in compliance with regulatory standards. Our certified experts are committed to delivering seamless, reliable, and proactive services to safeguard your operations.

E. ELV & FIRE SYSTEM

Our ELV & Fire System Services:

01

BMS & EPMS System

Our highly trained and certified engineers and technicians specialize in maintaining and optimizing Building Management Systems (BMS) and Electrical Power Monitoring Systems (EPMS). We ensure seamless integration and monitoring of critical building infrastructure, enhancing energy efficiency and system reliability.

02

Fire System & Safety Maintenance

With QCDD-certified engineers, QSP FM provides comprehensive fire system maintenance services. We ensure all fire detection, suppression, and safety systems operate at peak performance, guaranteeing optimal safety and regulatory compliance for your facility.

F. CAFM SYSTEM

A photograph of the Dubai skyline at dusk, featuring the Jumeirah Emirates Towers and other skyscrapers. A blue geometric overlay, consisting of a large 'X' shape, is superimposed on the image. D. Investments in Fixed Assets	1.88%
E. Bonus	4.20%

ICV Score
21.98%
Updated

This Certificate is an updated version of the initial Certificate issued on 23 August 2025. The update was conducted by Takaful through the ICV Digital Portal.

Updated Date:
16 Nov 2025

Notes: 1) The ICV Certificate is an extension from 4th July 2024 until for Auditing and Taxation Member of RT Asean's full ICV report dated 25/08/2025 and should be read in conjunction with the cover letter and factual findings report relevant to the ICV score in the MFC report.
2) The ICV report is a score only engagement value for engagement. It is not a full ICV report for Auditing and Taxation Member of RT Asean and Qatar Site & Power W.L.L. dated 18/03/2025. Details of the report for Auditing and Taxation Member of RT Asean exist on storage or assume any liability, responsibility or duty of care for any use of it, reliance on it, disclosure by anyone, other than the intended recipient to whom it is agreed to be engaged or otherwise. In the case any information included in the ICV Certificate requires further validation, contact should be made with Takaful.

* The "Gross Period Expiry Date" identifies the end of the "Gross" certificate validity period (12 months of standard ICV Certificate validity + 3 months grace period). If the certificate is in its grace period, the date to be used is not a period end, thereby giving the company, supervisor and/or related engaged engagement later time to be ICV Certified during which
