Our Company

Zillion Solutions is trusted value-added technology partner providing specialised solutions in Extra Low Voltage (ELV) systems, Information and Communication Technologies (ICT), and Audio-Visual systems (AV).

Our mission is to enhance the technology landscape by delivering innovative, high-performance products and compact solutions that elevate the user experience and drive operational efficiency.

We collaborate with renowned global brands, ensuring our offerings are at the forefront of industry standards and innovation. Our carefully curated product portfolio permits our clients to stay ahead in an ever-evolving technological environment.

Focused on the B2B market, we have cultivated strong, long-term relationships with leading system integrators across the Middle East. Through strategic partnerships, Zillion Solutions has established itself as a reliable solutions provider, contributing to successful technological deployments across multiple business sectors.

Our Founder

Founder Profile – Selvakumaran

With over 25 years of industry experience in ELV (Extra-Low Voltage), ICT (Information and Communications Technology), and AV systems, Selvakumaran is a seasoned professional with a multifaceted background. His expertise spans across Project Management, R&D, Quality Management, as well as Design and Value Engineering. Having worked with major global brands, he has built a strong foundation in both technical excellence and strategic implementation, contributing significantly to his professional development.

Entrepreneurial Journey

Selvakumaran founded Zillion Solutions, a B2B enterprise focused on delivering high-value ELV, ICT, and AV system solutions. As a Value-Added Distributor, Zillion Solutions specializes in:

- Developing and promoting global technology brands within the regional market Providing value engineering and in-depth technical support to system integrators
- Executing pilot projects that address complex, custom requirements from end customers Offering software
- customization, including web and mobile application development

Through Zillion Solutions, Selvakumaran combines his industry expertise and entrepreneurial drive to deliver innovative, customer-centric solutions that address evolving market demands.
